BATH TOWEL

%100 Cotton

70 x 140 cm, 90 x 160 cm and more

BEACH & POOL TOWEL

%100 Cotton

70 x 140 cm, 90 x 160 cm and more

TOWELS AND MORE

HOTEL TOWEL

%100 Cotton

Bathroom towels, hand towels and foot towels are produced according to your specific needs. Whatever you require, we tailor our production to meet those needs

BATHROBE

Production is carried out based on different pattern alternatives and size groups

SPA & SAUNA TOWEL

%100 Cotton

Designed with a focus on the comfort and satisfaction of your guests, these are soft and highly absorbent products made from natural cotton yarn

TERRY CLOTH SLIPPERS

Terry Fabric Slippers, crafted from luxurious towel fabric, are designed with the comfort of each step in mind

TOWELS AND MORE

JUST FOR YOU

HOWEVER YOU WANT

EMBROIDERED TOWEL

Embroidered towels are adorned with detailed and visually attractive designs created using special embroidery machines. The brand's logo, name, or custom designs are embroidered onto the towel using the embroidery technique

JACQUARD TOWEL

Crafted with special weaving technology, jacquard towels feature an embossed or patterned surface, offering an elegant appearance. The brand's logo or slogan can be intricately woven onto the towel using this method

YARN DYED TOWEL

The yarn, the raw material of the towel, is dyed in colors before the weaving process. This is a method where weaving takes place according to the colors of the pattern. With this method, patterns or the brand's logo are incorporated into the weaving of the towel

PRINTED TOWEL

Applying the brand logo, name, or custom designs to the surface of the towel is a method commonly used. The printing process is typically done using reactive printing or digital printing, allowing for clear and vibrant prints on the towels.

Designed by Red Palm, the beach bag is not only stylish but also highly functional. Thanks to its portable design, the bag transforms into a beach towel when unfolded. When folded, it becomes an elegant beach bag

ABOUT US

Red Palm is a registered textile brand that has been operating in Germany, the United Kingdom, and Turkey. Our brand focuses on product categories such as home textiles, hotel textiles, beach textiles, baby, and adult textile products.

WHAT WE DO ?

We offer our customers specially designed collections and bring these products closer to the end consumer in retail through various online platforms in Europe, the United Kingdom, and Turkey.

Additionally, we also provide special services for our **corporate customers**. We work closely with our business partners to understand their needs and expectations, offering them original designs that reflect the identity of their brand.

From sourcing the yarn to fabric conversion, dyeing, washing, garment manufacturing, quality control, and delivery, we have a comprehensive end-to-end production system in place. And at each stage, orders go through a quality approval process.

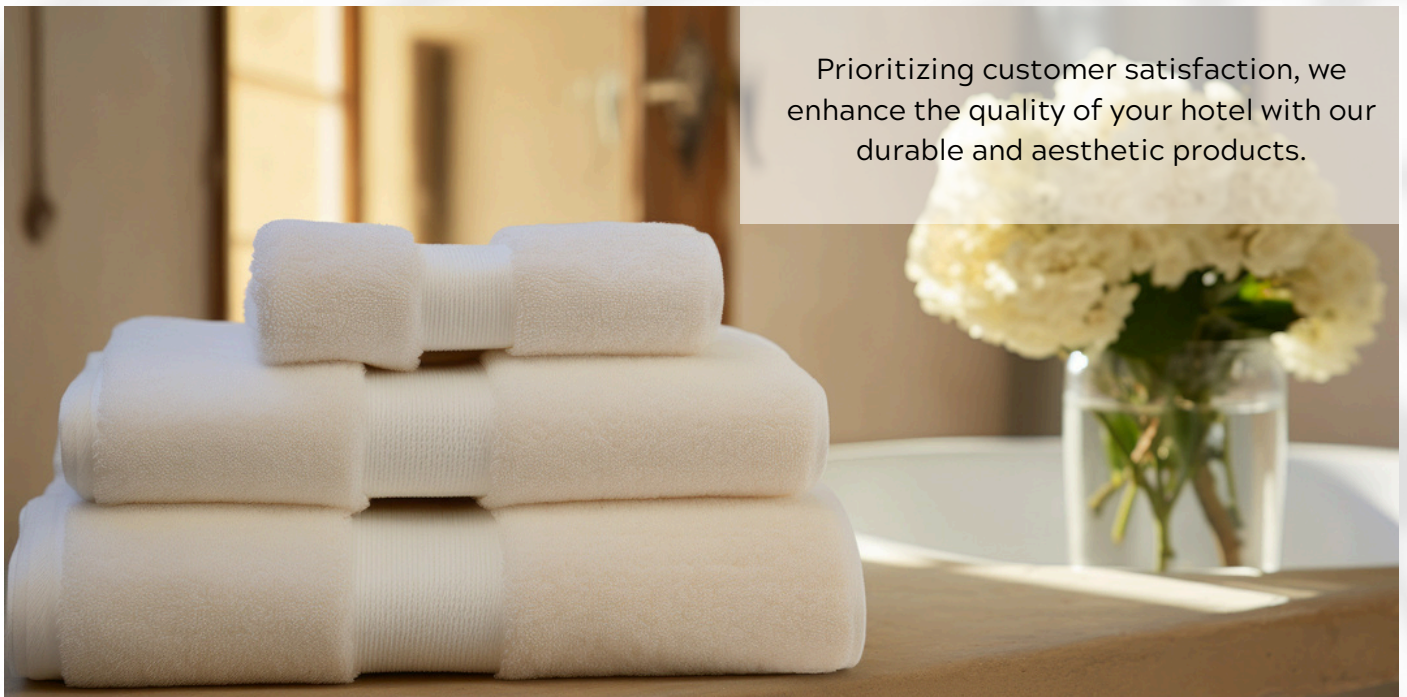

Our production facilities are located in Denizli, Izmir, and Germany. Red Palm has an annual **production capacity** of 750 tons of towel fabric, 2 million meters of cloth fabric.

HOTEL TEXTILE PRODUCTION

We offer special solutions for accommodation facilities with our special designs and high-quality materials. We combine comfort and elegance with bedspreads, towel sets, bathrobes, and other textile products that complement the atmosphere of your hotel.

Prioritizing customer satisfaction, we enhance the quality of your hotel with our durable and aesthetic products.

WHOLESALE

Quality and Durability

Our products are carefully crafted from high-quality materials, ensuring long-lasting use.

Wide Product Range

We offer a broad range of products, from towels to bathrobes, from duvets to beach bags.

Customization Options

We enable you to stand out with our customized products tailored to meet the needs of our customers.

Competitive Prices

We provide quality at affordable prices, offering a competitive advantage.

Fast and Reliable Delivery

We prepare your orders promptly and deliver them on time with our reliable logistics network. Delivery time is 2-4 weeks since the order date.

PROMOTION PRODUCTS

A promotion product is a carefully designed version of products featuring images and logos that companies desire for advertising, promotion, and marketing purposes.

These promotional products are meticulously crafted to incorporate specific images and logos that align with the marketing strategies of businesses.

They serve as powerful tools for enhancing brand recognition and attracting the attention of potential customers in various promotional campaigns.

Promotion products like these are essential for increasing brand visibility and fostering brand loyalty among consumers.

With their customized designs, these products effectively convey the unique identity and message of each company to its target audience.

Companies often utilize these tailored promotional products as giveaways, incentives, or gifts to reinforce their brand presence and establish lasting connections with customers.

For orders of 200 units or more, it is possible to create custom designs tailored to your brand and company. By contacting us and sharing your request, you can benefit from our free design service.

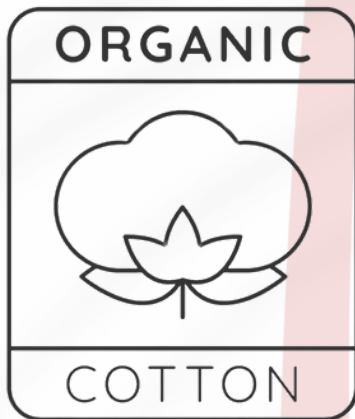

CERTIFICATES OF QUALITY AND ASSURANCE

With this mission, we conduct our production processes in an environmentally friendly manner by applying environmentally conscious methods and minimizing waste and energy consumption. In this way, we enable our customers to use eco-friendly products by protecting nature and offering high-quality and environmentally friendly products. Some of our collections are made from **100% recycled yarn**. Waste plastic bottles and fabric scraps are first recycled into fibers and then into yarns. With these recycled yarns, we create collections. In this awareness, we produce our products according to the OEKO-TEX 100 standards. The **OEKO-TEX 100 certificate** guarantees that the product does not contain harmful substances and is environmentally friendly. This certificate ensures that our products are safe, healthy, and environmentally friendly, meeting the highest quality and safety standards.
